

# Graduate Admissions

To be admitted to a graduate program, students must submit the following requirements. All graduate applications are reviewed by an admissions committee who make the final determination on acceptance. The application must include:

- Background check
- Official transcripts of a baccalaureate degree with a minimum GPA of 2.5
- No GRE required

Bryan University offers the following graduate programs entirely online:

- Master of Public Health

Online, live synchronous lectures for graduate programs are scheduled at various times throughout the program. Additional outside-of-class homework, lab, coaching activities, and group activities are required as outlined within each class syllabus. Attendance is mandatory for the live synchronous lectures as well as any live one-on-one coaching sessions; approved make-up activities can be accepted in extenuating circumstances.

## Conditional Acceptance Policy

Bryan University conditionally accepts all new students that have completed the admissions requirements. A student may cancel in writing, or simply stop attending, during our 15-day conditional acceptance period. The student will not incur any charges, except for any non-returned equipment or courseware. Likewise, Bryan University reserves the right to cancel a student during our 15-day conditional acceptance period in instances wherein the student is not sufficiently engaged in their course(s). A student may appeal a university-triggered cancel through our appeals process, as outlined in this catalog.
