Repeat Classes

Students may repeat passing-grade classes multiple times to increase their CGPA, but only one repeat will be eligible for financial aid. Failed classes must be repeated to complete the degree and count within SAP. All attempts must be completed within a maximum time frame, 150% of the published program length. A student who completes the academic requirements for a program but does not yet have the degree or certificate is not eligible for additional financial aid.

In the event of a course withdrawal, course incompletion, or course failure, the original expected graduation date is subject to change. Students will be notified from the Registrar's office in the event of a change to the student's graduation timeline.
